I know what a data scientist does and there purpose, i have two reporting into me. For me the term data scientist fits perfectly because not only do they provide information for decisions based on objectives, they build a stream of analysis starting from a hypothesis, use statistical models and end with an outcome.

Nokia Bell Labs (formerly named Bell Labs Innovations (1996–2007), AT&T Bell Laboratories (1984–1996) and Bell Telephone Laboratories (1925–1984)) is an American industrial research and scientific development company owned by Finnish company Nokia. With headquarters located in Murray Hill, New Jersey, the company operates several laboratories in the United States and around the world.

Bell Labs - Wikipedia

The New Liberal Party is the professional-class establishment wing of the Democratic Party. Members are cosmopolitan in their social and racial views but more pro-business and more likely to see the wealthy as innovators. Its potential leaders include Pete Buttigieg, Cory Booker, Eric Garcetti and Beto O'Rourke.

So there are many "best" points, e.g. a cheap, heavy but powerful vacuum cleaner, or light, expensive and powerful one (Figure 11). The efficient frontier of a design space is a surface of "best" combinations (footnote 27). Advanced system performance is not a one dimensional ladder to excellence, but a station with many trains to many ...
